1. Which one of the following statements is true?

1 / 1 point

- ☒ A filter has an associated JQL statement.
- ☐ A filter and a quick filter are the same thing.
- ☐ Filters can not be modified.

✓ **Correct**
This is covered in Filters.

2. Which one of the following statements is true?

1 / 1 point

- ☐ Quick search requires the user to enter JQL.
- ☒ Recent projects can be accessed using quick search.
- ☐ Quick search only searches issues.

✓ **Correct**
This is covered in Quick Search and Basic Search.

3. How can you modify multiple issues at one time?

1 / 1 point

- ☐ Select multiple issues on a board, then edit a single issue.
- ☐ Select multiple issues in the backlog, then edit a single issue.
- ☒ Execute a search for the issues that you want to change, then select "bulk change...".

✓ **Correct**
This is covered in Quick Search and Basic Search..

4. Which one of the following statements is true?

1 / 1 point

- ☐ All queries executed in advanced/JQL search can be executed in basic search.
- ☒ A JQL query is behind every basic search.
- ☐ JQL queries can not order search results.

✓ **Correct**
This is covered in JQL.

5. If your JQL is an empty string, what will the result be?

1 / 1 point

- ☒ You will see all issues that you have permission to view.
- ☐ You will see all issues with an empty "summary" field.
- ☐ There will be no results.

✓ **Correct**

This is covered in JQL.

6. Which one of these is a benefit of using a function in a query?

1 / 1 point

- ☐ You don't have to use operators in the query.
- ☐ The query will return more search results.
- ☒ The query is likely to be reusable.

✓ **Correct**

This is covered in JQL.

7. Which one of the following statements is true?

1 / 1 point

- ☒ Filters can be shared or kept private.
- ☐ Filters can not be changed once they are created.
- ☐ Filters can only be created using advanced/JQL search.

✓ **Correct**

This is covered in Filters.

8. Assume that a board is showing 10 issues. Assume that you then execute a quick filter. Which one of these statements is true?

1 / 1 point

- ☐ There will be 10 or more issues on the board.
- ☒ There will be 10 or less issues on the board.
- ☐ There will be less than 10 issues on the board.
- ☐ There will be more than 10 issues on the board.

✓ **Correct**

This is covered in Filters.

9. Which one of the following statements is true?

1 / 1 point

- ☒ Changes to a board's filter will apply to all users who can see the board.
- ☐ A quick filter and a board's filter are the same thing.
- ☐ In a kanban project, the original board's filter can not be edited.

✓ **Correct**

This is covered in Filters.
